

In the Drawings

A Request for Corrections, Approval and Entry of Drawings is enclosed.

Applicant presents 12 replacement sheets and 12 annotated sheets showing the amended changes.

The Draftsperson has objected to the drawings because figures 3, 4, 5, 8, 12 and 13 were not labeled properly. Each piece of the figures was separated and given a new identifier, as indicated by the red marked-up copies. The specification was amended to address these changes. A complete set of corrected formal drawings is submitted herewith to address the Draftperson's concerns relating to uniformity of lines, numbers and letters in figures 1-3, the poor quality of figure legends 6, 7, 8-13 and the size of numbers, letters and reference characters in figures 3, 4, 5, and 8. Applicants believe the corrected drawings overcome the objections to the drawings.

An Appendix including the above is attached following page 19 of this amendment.
